Ventura County Community Supported Agriculture (CSA) List

CSAs: the perfect way to support local

For over 25 years, **Community Supported Agriculture (CSA)** has been a popular way for consumers to buy local, seasonal food directly from the farmer.

CSAs provide a way to not only support local farmers by buying into a share of food farm directly and in season, it is a perfect way for you to get to know your farmers and the food you eat. It's truly is a winning combination for consumers *and* growers. Consumers get delicious, fresh, in-season produce throughout the growing season while growers have the financial support from those consumers who fund a whole season's budget at the start of the season.

Here is a great list of Ventura County CSAs
